We sent out an informal notice about the April 9, 2013 informational item in February (attached). My understanding is that this item will be heard during a regularly scheduled Board meeting, and that the formal notice and announcement of comment period will occur through the distribution of the Board meeting agenda. The agenda usually is distributed about 11-12 days before the Board meeting, and the written comment deadline will be identified at the bottom of the last page.

Hi Karen and Rich,

Was an announcement sent about the informational item for the Board meeting on April 6, 2013? I didn't write down what Diane said about it at the last meeting with John Shelton. I recall it is about the ICF report about the fall workshops. Is that right?

Do either of you know if there is a timeline for comments to be received on that? I'm reading through it now and have a few things I think need to be corrected. They are minor but important to us.
